

# The Goldzone Leadership Accelerator

The Leadership Accelerator is a 3-day experiential process that will help you to take small, simple steps that will have an enormous impact on your leadership, teams, career and business. The Accelerator uses a revolutionary system that produces measurable results across the Sixteen Dynamics of Leadership. In addition to being motivated, entertained and educated you will receive tools, information and systems that you can take into your workplace and use on an ongoing basis.

You will learn about the different types of people, how to lead them, why people behave the way they do, team dynamics and how to dramatically accelerate your results.

***“The Accelerator will give you a Quantum Leap and transformation in your results.”***
